Preface

This volume collects original papers written by the speakers of the RIMS Symposium “Harmonic Analysis and Nonlinear Partial Differential Equations” held at Research Institute for Mathematical Sciences, Kyoto University, in July 9-11, 2007.

The symposium “Harmonic Analysis and Nonlinear Partial Differential Equations” has been held annually at RIMS since 1997. Its purpose is to provide the opportunity for specialists in various areas of harmonic analysis and nonlinear partial differential equations to exchange ideas and the latest developments and to build networks.

The organizer would like to express his deep gratitude to all the speakers for their contributions to this volume. Finally, he apologizes for the delay in publishing this volume.

A handwritten signature in black ink, reading "Y. Tsutsumi". The signature is written in a cursive, flowing style.
